NOTICE: THE STATE OF NEVADA DEPARTMENT OF AGRICULTURE HAS MADE A SIGNIFICANT CHANGE IN THE NEVADA AGRICULTURE CODE NUMBER 555.427.1 EFFECTIVE FEBRUARY 1ST 2004. THIS FORM MUST BE COMPLETED AND SUBMITTED TO THE NEVADA DEPARTMENT OF AGRICULTURE BEFORE PERFORMING ANY TERMITE PRE-CONSTRUCTION TREATMENTS.

PROTECTION OF COMPLETED WORK

NAC 555.427.1

Bugs Bennett Pest Control will be conducting the subterranean termite pre-treatment of the home (*or homes*) under construction at your subdivision (*or site*) called;

Located at _____

Built by _____

Treatments to the soil inside the foundation and around the outside of the foundation will be performed to prevent infestation by subterranean termites, and the soil surface areas where slabs are to be poured, as prescribed by industry standards. (*If wood treatments are to be performed all studs and sheathing material to the height of two feet above the sill plate will be treated as prescribed by industry standards.*)

Upon completion of each treatment phase a fluorescent green tag called; "Nevada Department of Agriculture Termite Pre-Treatment Tag" will be affixed to a plumbing stub-out in the building or inside the electric panel box. If at any time the soil, or (*wood in wood treatments*) is disturbed, replaced or tampered with after the tag has been placed, please call Bugs Bennett Pest Control, as the area must be retreated to ensure the effectiveness of the treatment. If Bugs Bennett Pest Control is not notified of changes which may affect the quality or effectiveness of the treatment Bugs Bennett Pest Control cannot be held accountable for areas where such changes have compromised the effectiveness of the treatment.
